Leading by Example

TOM'S
HEATING SERVICE LLC

When it comes to reliable, energy-efficient indoor comfort, Carrier® systems are trusted in more homes than any other brand—and we place tremendous value on earning and maintaining that customer trust. Therefore, Carrier Corporation has high expectations of the dealers that represent, sell, service and install our systems.

Yet, even though we expect every Carrier® dealer to deliver quality products and service, there are dealer companies that consistently distinguish themselves as outstanding examples. These industry leaders not only run their own companies well, they serve as role models and advisors to others in the HVAC industry.

President's Award recipients are businesses that far exceed high expectations, not only as a Carrier dealer, but also as one of our Carrier® Factory Authorized Dealers—who are held to an even more exacting set of standards. A President's Award winner is a company that we at Carrier Corporation recognize and hold up to other dealers as an example of true excellence. It is an enterprise whose leadership, integrity and performance we hope all dealers will aspire to emulate.

Carrier is proud to present the 2022 President's Award to Tom's Heating Service. Through their professionalism and high level of customer service, Tom's Heating Service truly exemplifies the qualities of an outstanding contractor.

As a role model for other dealers, Tom's Heating Service helps raise the bar for HVAC professionals nationwide—which also raises the bar on the quality of service and expertise that you as a customer can expect to receive. Carrier congratulates Tom's Heating Service for this exceptional performance and leadership. Their **16th President's Award** is a well-deserved testament of how they lead by example every day.
